ADITIONAL

I don't have a cover letter and I actually hate this formality as much as you can hate a thing for your entire life.

Generally I like to be myself and I enjoy that a lot, I am a life lover, a joke teller, a team player.

Feel free to request any additional information or ask every question you may have about me and my activity, about my ideas and plans, via e-mail (hello@bistraniosip.com) or phone.
